

DONAHEY'S REPORT IS A SCORCHER

Taxpayers of Ohio Compelled to Pay \$201,000 for Printed Reports

THOUSANDS OF VOLUMES

Of Statistics Printed Every Year by Various Commissions and Departments and Afterwards Sold as Junk.

(ASSOCIATED PRESS TELEGRAM) Columbus, O., Jan. 9.—Ohio's government is becoming a mammoth book publishing concern. That is what State Auditor A. V. Donahey says in his report for 1913 to the governor made public today. Printed reports of various state commissions and departments last year cost taxpayers of Ohio \$201,000. If all printed state reports published last year were collected there would be enough to fill more than 3500 five-foot bookshelves, or to supply one for every family in a city of 15,000 inhabitants.

These estimates are made from Auditor Donahey's statement of books and pamphlets published by the state.

"Thousands of volumes of such reports are not distributed each year because no one wants them," says Mr. Donahey in his report. "They accumulate and finally will be disposed of as junk. The state has printed more than 104,000,000 pages of reports and attempted to inflict them on a long suffering public. They will not even carry them away and when one considers the multiplicity of dry and useless tables that comprise the bulk of these reports, it is no wonder they refuse to be interested."

The auditor recommends that a survey of actual needs for printed state documents be made, that needless tables of statistics be eliminated and that laws fixing the number of reports be repealed. He has compiled and published his own report in 250 pages. This is less than one-fourth the size of most former volumes of state auditors' reports.

Thousands of dollars have been spent mailing these bulky volumes over the state.

Auditor Donahey suggests reforms in the management of almost every department of state government, which he declares will save many thousands of dollars. Among his recommendations and suggestions are the following: All state funds should be paid into the state treasury once a week. A state purchasing department to buy supplies in large quantities and competitive sales should be established. Appropriations should be made by the legislature for a specified purpose, instead of granting a lump sum to be spent as administrative officers wish. If county prosecutors would become more active in collecting unpaid state claims, the tax rate would be lower. School lands should either be sold immediately or a survey of them made.

Erection of a "sky scraper" for state offices to cost \$1,500,000 in Columbus would be an economical measure in saving office rent, he says. Since 1900 the debts of municipalities have doubled and a half on this rate of increase should be called by legislation. Ohio State, Ohio and Miami Universities, all state institutions, should co-ordinate their work to a greater extent than they are doing now, according to the auditor.

Commenting on unpaid revenue due the state, such as delinquent personal tax and assessments against those convicted of "bootlegging," the auditor says:

"The cry has always been 'more revenue, more things to tax.' If the state of Ohio and its political subdivisions would apply the ordinary business judgment employed by a private firm in the collecting of its revenues the worth of the Smith one per cent law would be realized fully. The total unpaid revenue due the state and counties from reports filed in this office Sept. 10, 1913, amounted to almost \$9,000,000. He urges that the attorney general be empowered to compel county prosecutors to press suits to collect these unpaid revenues. Many prosecutors are afraid to do this because of the danger of creating ill feeling and losing a few votes, he says.

Uncollected dog taxes in 1913 amounted alone to \$52,528, he reports. "Besides, the damage done by dogs to flocks of sheep will average \$150,000 per year. Counties expend annually about \$10,000 to pay for the treatment of persons bitten by rabid dogs.

Auditor Donahey would wipe out the business of delinquent personal tax collectors by making their fees illegal.

In answer to those who oppose the sale of school lands on the ground that many have been leased for 99 years, the auditor says: "After in-

vestigation I am convinced there is not a legal lease in existence in Ohio today. Rentals and emoluments collected from unsold school lands do not net the schools one per cent. If the lands are not sold officials will continue to pocket the fees; boards and commissions appointed to administer the trust will get the balance of the income and the schools will get nothing."

SKIN-GRAFTING

NECESSARY TO SAVE VICTIMS

Operations for skin-grafting will be necessary to save the lives of the three victims of the fire in the Kern hotel last Tuesday, according to a statement of Dr. C. J. Dillon Friday. Even such an operation may not save the life of George Alberts, who was frightfully burned before he succeeded in escaping from the burning building. Besides the horrible burns about the legs and body, Alberts suffered a fracture of the thigh bone. Surgeons have been unable to set the bone because of the burns on the leg. These burns require dressing daily.

Ray Underwood, whose hands were so badly burned, is also in a precarious condition. His temperature was high Friday morning, indicating that there was infection in the burned members and drastic measures may be necessary to save him from dangerous complications.

Samuel McCune is in the best condition of any of the patients, though it will be necessary to graft new skin on his hands and arms which were badly burned.

Both Underwood and Alberts will undergo operations for skin grafting in Underwood's case the skin will probably be taken from his legs. The case of Alberts is causing the physicians some concern as the burns on his legs and body will prevent using his own skin for grafting purposes. It is probable that the physicians will be compelled to ask outsiders to sacrifice portions of skin to save Alberts' life.

DISCUSSED ADVANCEMENT OF MANKIND

(ASSOCIATED PRESS TELEGRAM) — Battle Creek, Mich., Jan. 9.—The mental, physical and moral advancement of mankind was discussed from almost every angle by men and women famed in their respective fields of endeavor at today's sessions of the National Race Betterment conference. In addition to addresses by half a score of nationally known speakers, two papers prepared by men unable to attend the conference were read to the delegates.

On the program for the forenoon session were Booker T. Washington who discussed the "Negro Race"; Dr. J. N. Hurty of the Indiana state board of health, who spoke on the "Cost of Living as a Factor in Race Degeneracy"; Dr. Carolyn Geisel of shorter college, whose subject was "The Race Betterment in Women's Colleges"; and Dr. H. W. Austin of the United States public health service, who told "What the United States Public Health Service is Doing or Race Betterment."

Sir Horace Plunkett's paper on "Function of Individual, City, State and Nation in Bringing About Race Betterment," and one prepared by Dr. Ernest Hoag of Leland Stanford University on "School Hygiene" were the other features of the day's first session.

Perhaps the most important development in school hygiene, said Dr. Hoag's paper, is that which relates to the "exceptional child."

"The proper study of such children requires some special training in physiological procedure," according to the paper, "which cannot at present be required of every school official. Every large, well organized school health department, however, will include this division and provide a well trained person to carry on the work as now is done in Los Angeles, Philadelphia, Milwaukee, Minneapolis, Grand Rapids and a few other cities."

Booker T. Washington emphasized what he termed the importance of giving the negro the fullest possible assistance so that his influence might have a healthy effect on the body politic.

There are 10,000,000 colored citizens in this country," he said, "and they are here to stay. They will help or they will hinder. The white people may make the negro become a better citizen by not only being frank with him with reference to his surroundings, but by praising him when he does well. Greater good can be accomplished if the strong points of the negro are emphasized and less stress placed upon the weak points."

Sir Horace Plunkett in his paper pleaded for concentrated efforts to improve rural sections rather than urban districts.

Eleven cities including New York, Los Angeles and San Francisco, have already asked for next year's meeting of the conference. The selection of a meeting place however, will be decided later.

WEALTHY POULTRY FARMER

Arrested in Mobile, Ala., Under the White Slave Law

ELOPED FROM VILLAGE

With His Pretty Young Stenographer and Left His Wife and 16-Year-Old Daughter Behind—Will Fight the Case.

(ASSOCIATED PRESS TELEGRAM) Mobile, Ala., Jan. 9.—The preliminary hearing of Joel M. Foster, the wealthy poultry farmer of Browns Mills, N. J., who was arrested here Wednesday charged with violation of the Mann white slave law, has been set for January 14. Foster has employed two prominent lawyers of this city to defend him and it is understood today they will involve in his case the recent decision of a federal judge in Texas who held that the intent of the Mann act was merely to prevent commercialized vice.

Foster this morning remained in his room at a fashionable hotel, and refused to see interviewers. His former stenographer, Miss Bradley, whom he is charged with having brought here from New Jersey in violation of the white slave law today left the hotel where the two were arrested and sought seclusion in a private boarding house.

During their stay at the hotel the couple was known as Mr. and Mrs. Foster and obtained entry into society circles of this city.

FATHER WILL FORGIVE GIRL

(ASSOCIATED PRESS TELEGRAM) Pemberton, N. J., Jan. 9.—News of the arrest at Mobile, Ala., yesterday of Joel M. Foster charged with violating the Mann law created excitement here. Summary vengeance is threatened against Foster by residents of this place. Foster is general manager of one of the largest poultry farms in the world located at Browns Mills, N. J.

On December 15, he disappeared from his home and at the same time his stenographer who was arrested in Mobile with Foster, also disappeared. The girl, Delilah F. Bradley is a daughter of Harry C. Bradley, a baggagemaster.

She was only a year out of school, was an active member of the Pemberton Methodist church and a teacher in its Sunday-school. Foster, who is 40, is the son of T. J. Foster head of a correspondence school at Scranton, Pa.

The deserted wife and sixteen-year-old daughter of Foster are now at the home of the latter's father in Scranton.

The father of Miss Bradley is heartbroken over his daughter's escape but says he will receive her with open arms if she returns home. He has not instituted proceedings against Foster, but this was explained by the statement that federal authorities have preferred to handle the case under the white slave act.

CONVICT, FREE, SEEKS ARREST OF HIS LAWYER

(ASSOCIATED PRESS TELEGRAM) Bowling Green, O., Jan. 9.—Paul Zeiner, sent to the penitentiary in 1909 for life but pardoned last Christmas, has sworn out warrants for the arrest of Wm. B. Ramsey, the attorney who defended him and his brother, John Zeiner, for the murder of E. H. Westenhaver at Hot Springs, Mo. The warrants charge Ramsey with forging a mortgage deed of 160 acres, with forging a note for \$1,000 to pay for the defense and with perjured testimony that he saw John, Paul and Margaret Zeiner sign the note.

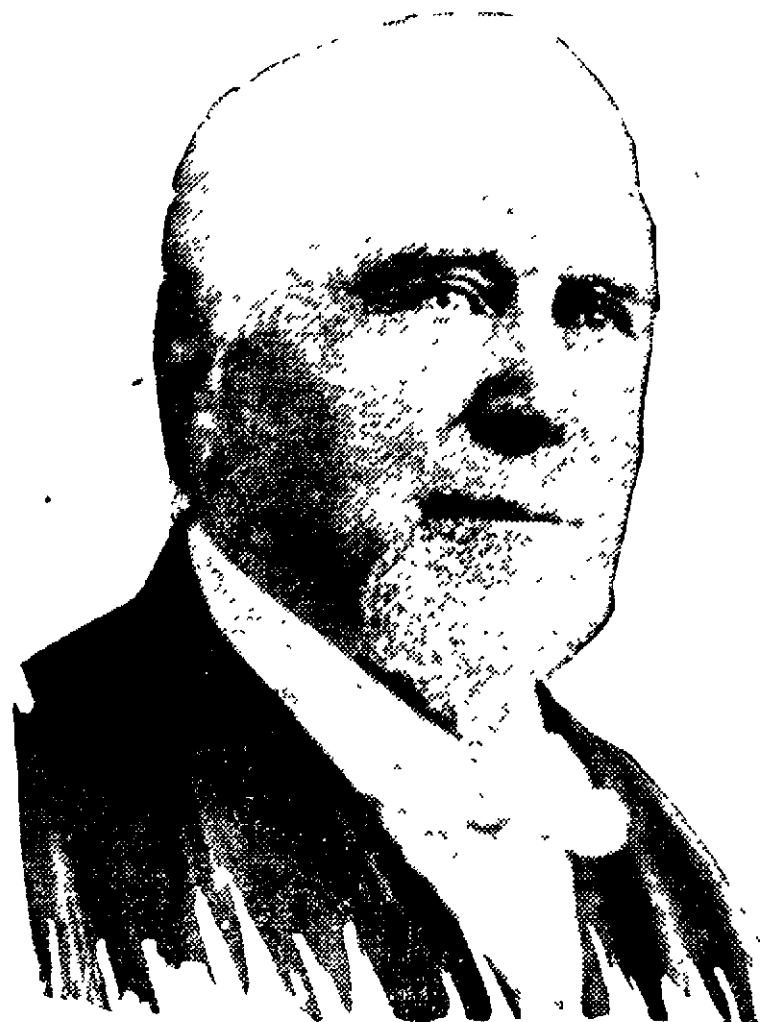

Zeiner has also sworn a warrant charging Wilson N. Root of Hot Springs, with acknowledging the alleged false and fraudulent deed, and one against F. A. Creed of Pennsylvania, for alleged perjury in swearing he witnessed Margaret Zeiner's signature to the note.

Ramsey is now a banker of Belle Center, Logan county.

Corn Show Declared Big Success By Judge; Closes With Awards

WHAT THEY THINK. "This is the best corn show I have ever had the privilege of examining during my experience in judging corn"—Ex-pert James W. Cook. "Licking county has reason to be proud of its corn show. The whole thing has been a tremendous success."—President J. M. Farmer, Licking County Crop Improvement Society.

Licking county's big corn show is practically all over. Judge James W. Cook, of Forest, O., finished making the prize awards late Thursday afternoon, and left at night for Kenton, O. Officers of the Licking County Crop Improvement society, jubilant over the success of the exhibition, announced Friday the display corn and prizes will remain on the tables in the Arcade for public inspection until Saturday afternoon. A meeting of the society will be held at an early date, when there will be a report of the general results of the show, which now bids fair to be a regular annual occurrence.

Corn raisers packed the assembly room of the Trust building to its capacity Thursday afternoon and listened to a comprehensive address by Expert Cook on the science of

corn raising. The speaker discussed corn culture from every phase, from soil preparation to care in planting and culture. He complimented Licking county farmers on the display corn seen in the Arcade exhibit, and urged them to add to their present store of knowledge from the experience of other successful corn culturists.

The corn will be removed late Saturday after which the prizes and equipment will be taken away.

Lumber for the long display tables was furnished by the Newark Lumber company, gratis, and other display tables were furnished by Stewart Bros. & Alward, Besanceney Bros. & Gleichauf's.

JACKSON DAY BANQUET LAST EVENING WAS A PRONOUNCED SUCCESS

One Hundred and Twenty-Five Present at Assembly Hall to Partake of the Splendid Feast and Do Honor to Patron Saint of Democracy.

HON. C. C. MILLER, COLUMBUS, ORATOR OF EVENING

Cong. W. A. Ashbrook and Number of Local Speakers Also Contributed to Pleasantries of the Event—The Affair Arranged by the Licking County Democratic Club—Splendid Menu Prepared and Served in Excellent Manner.

If the shade of Andrew Jackson had left its earthly home of 69 years and strolled into Assembly Hall Thursday night, surely "Old Hickory" would have congratulated himself on having been present at the banquet which seated 125 "wheelhooses" of Licking county Democracy as guests of the Licking County Democratic club, in honor of the first supreme victory in the sectional conquests, military and political, accomplished by the patron saint of Democracy.

It was a genuine love-feast, a gathering of the clan around the totem pole. Whatever adjective used in describing it ought to be in the superlative. There were nearly all the county officials, county and city committeemen, and the workers who have made Democracy in Licking county stand for the true Jacksonian type. If ever Licking county Democrats had an opportunity of rubbing elbows in a "rousing get-acquainted session," it was last night.

There were excellent addresses, principal of which was that of Hon. C. C. Miller, former state school commissioner and at present chief clerk in the department of the Ohio school commissioner. There was wit galore. Much of this was furnished by Congressman William A. Ashbrook and his opponent for nomination, W. D. Fulton, who went cavorting over the floor arm-in-arm, and took dinner together without difficulty more serious than an exchange of compliments. Postmaster J. H. Newton occupied a seat beside the principal speaker. County commissioners rejoiced in a chance to side-track ditch hearings, and other county officials joined with aspirants in the general cause of good fellowship in commemoration of the man whose genius won the celebrated battle of New Orleans, Jan. 8, 99 years ago.

The theme of the evening proved to be the decisive import of that famous battle, and the part it played in establishing supremacy of the United States on land and sea, the dominant part of which was represented in the deliberation of Andrew Jackson.

From a recital of the characteristics of Jackson and the policies he advanced to the point where they were regarded today as the basic principles of good government, the evening's addresses turned to laudation of the great men of the nation today, whose sterling qualities as leaders reflect the examples set by Jackson.

The address of Mr. Miller covered the historic association of Jackson, his youth spent in self-training, his manhood in which his natural military and political leadership asserted itself, up to the climatic moment of his career, when he won the battle of New Orleans, the success that emphasized his worth to the American people who twice chose him to head the government.

The reference to modern application of Jacksonian principles in the affairs of government brought from a number of speakers words of highest commendation for the state and national administration.

Staking of the national leaders of today, Congressman Ashbrook chose impressive words to laud the merits of President Wilson, Speaker Champ Clark, and Floor Leader Oscar Underwood, of the House of Representatives.

Clark, he described as "that grand old Democrat whose honesty and fairness has endeared him to every member of the house." Of Underwood, he said he felt he was making a conservative statement in declaring him the ablest leader of men the modern period has produced.

President Wilson was praised as one of the greatest presidents the nation ever has had, and a man whose indomitable will, broad knowledge and sincere honesty make him the ideal head of the nation in a time when progressive legislation and rights of the people are paramount.

So successful was the affair that before closing, a vote of thanks, suggested by Ex-prosecutor James R. Fitzgibbon, was tendered the speakers, and on motion of Congressman Ashbrook, there was a loud and unanimous vote to make the Jackson day celebration in Licking county an annual affair. In this connection Congressman Ashbrook volunteered to use his endeavors to bring one of the prominent Washington speakers to address next year's meeting.

Acting President O. C. Larason, of the Licking County Democratic club, presided as toastmaster, and first introduced Frank T. Mercer, who gave the following eulogy of George W. Horton, president of the club, whose death occurred last week.

"Mr. Chairman and members of the Licking County Democratic Club and of the Licking County Democracy: I have been asked to call your attention to and say something as to the very great loss we have sustained in the death of the president of the Licking County Democratic Club, George W. Horton.

"As this day is recognized and spoken of everywhere as being a Democratic anniversary, it will, I think, be fitting for me to confine myself largely to our estimate of George W. Horton as a Democrat and as a political general. As you all know I have been closely associated with him in the Democratic organization for several years, both of us being officers in the organization as well as in the club.

"George W. Horton took great interest in organizing this Licking County Democratic club and served as its president from the time of its organization to the time of his death. He was always found at his post of duty. It is quite fashionable in some quarters to decry, censure and disparage a person who gives some of his time, talent and means toward the building up, strengthening and bringing success to the party of his choice. He is called a politician in derision. I have no patience and very little use for a citizen that cares so little for civic affairs that he is afraid some one may suspect that he is a politician. It is my conviction that every voter should keep at all times in touch and conversant with the political affairs of his county, his state, his country and his city, and

DENISON WALLOPS CAPITAL CITY TEAM IN BASKETBALL GAME

Granville, Jan. 9.—The basketball season opened with a bang in Swasey gym Thursday night when Denison decisively defeated Capital University by the score of 71 to 19. The game was characterized by the excellent team work of the winners, coupled with spectacular shots from the middle of the floor by Jones and Black. The visitors were at a great disadvantage, as they were considerably outweighted, although they were fast and at times displayed some fine pass work.

Denison made a basket about two seconds after the game started and was never halted. Black, the giant right forward, scored a total of 14 field goals, while Jones was exceptionally strong on long shots, putting four into the basket from the middle of the floor.

Prouty, Reese and Thiele showed up well in basket shooting and team work. Thiele is a new man on the Varsity this year and broke up a number of Capital's passes. Reese secured seven field goals, which is going some for a guard.

Reuter and Partner, who played the forwards, were the best Capital players. Lineup:

Denison—Black, Haskins, r. f.; Jones, Merrill, Cahille, l. f.; Thiele, Biggs, Rudy, r. g.; Reese, Ladd, l. g. Capital—Partner, Pitch, r. f.; Reuter, l. f.; Pfeuger, r. g.; Lenski, Rickert, l. g.

Field goals—Black, 14; Jones, 7; Prouty, 6; Reese, 7; Thiele, Reuter, 2; Partner, 2; Pitch, Lenski, Free throws—Jones, Partner, 3; Pfeuger, 2; Referee—Mr. Wambold. Time of halves—20 minutes.

GEN. BUCKNER TO BE BURIED AT STATE CAPITAL

[ASSOCIATED PRESS TELEGRAM]
Munfordville, Ky., Jan. 9.—The body of General Simon Bolivar Buckner, aged 91, who died at his home in "Glen Lily," near here, last night, will be conveyed by special train tomorrow to Frankfort, for burial. The widow, relatives and about twenty close friends of the Buckner family will accompany the body of the last surviving lieutenant general of the Confederate army from this city to the state capital.

General Buckner's death was due to infirmities of age. Mrs. Buckner and the general's only surviving child, Lieutenant Simon Bolivar Buckner, Jr., U. S. A., were at his bedside when he died.

General Buckner's name is linked with deeds of valor throughout his service in the Mexican and civil wars. During the Mexican war he was breveted for bravery at the battles of Contreras, Churubusco and Milpote del Rey. He was graduated from West Point in 1844 and remained in the United States army until 1855, when he resigned. He entered the Confederate army as a brigadier general and successfully was advanced to the ranks of major general and lieutenant general. He served as governor of Kentucky from 1887 to 1891 and as a member of the Kentucky constitutional convention in 1891. After being a candidate for vice president, with General Palmer on the gold Democratic ticket in 1896, he retired to his home near this town.

General Buckner died in the same house in which he was born, April 1, 1823. The old log structure had been remodelled from time to time, and is one of the famous residences in Kentucky.

General Buckner was a close friend of General Grant and was one of the pall bearers at the latter's funeral.

SAGE TEA KEEPS YOUR HAIR DARK

It's Granmother's recipe to bring back color, thickness and lustre—Everybody is using it again.

Gray hair, however handsome, denotes advanced age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold.

Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50-cent bottle of "Weyth's Sage and Sulphur Hair Remedy." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears, after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salts to flush out your kidneys and neutralize irritating acids

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The bladder is in constant dread, the nerves pass sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to cure. Get about four ounces of Jad's from your pharmacist and two tablespoonfuls in a glass of water before breakfast, continue this two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs, which can act normally again.

Jad Salts is a gentle, harmless acid of grapes combined with soda and it is taken by thousands of folks who are afflicted with uric acid irritation. Jad Salts is a mild laxative and causes no effects whatever. Here you get a pleasant, refreshing, health-giving drink, which quickly relieves bladder trouble.

THE HUB

Important to All Women
Readers of this Paper.

Thousands upon thousands of women have kidney trouble or bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble or the result of kidney or bladder diseases.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased. You may suffer a great deal with pain in the back, bearing-down feelings, headache and loss of ambition.

Poor health makes you nervous, irritable and may be despondent; it makes any one so. But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

A good kidney medicine, possessing real healing and curative value, should be a blessing to thousands of nervous, over-worked women. Many send for a sample bottle to see what Swamp-Root, the great Kidney, Liver and Bladder Remedy, will do for them. Every reader of this paper, who has not already tried it, by enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., may receive sample size bottle by Parcel Post. You can purchase the regular fifty-cent and one-dollar size bottles at all drug stores.

BOARD OF TRADE BOOKLETS MAILED TO ALL TAXPAYERS

All the letters of the Board of Trade to the taxpayers will be in the post by the time this is before the public eye and every taxpayer will have his booklet. If you have not got one 'phone to 1781 on the Automatic, or 282 on the Bell to the Board of Trade and give your name and one will be sent, but every taxpayer has been mailed one already.

In order that all may have an equal chance to be FIRST and HEAD the ROLL of HONOR, it has been decided not to announce any names until next Tuesday night at the dinner to be given by the Board of Trade when the replies will be read and it has been also determined that FIRST PLACE on the Roll of Honor will be given to the FIRST reply received, providing the taxpayer sends with his reply a check or cash for the amount of the first annual subscription, whether it be eighty cents (the smallest one possible) or the largest amount. That no one may have any advantage this unique position will be given only to a taxpayer who is NOT a member of the Board of Trade and who is NOT a business or professional man. It will be given to the taxpayer who is not connected in any way with the Board of Trade or with business and will be an honor for all time. As soon as all the replies are in a complete list will be made and printed in a small booklet, as well as the papers and sent to every taxpayer so ALL can know "who is who" when it comes to DOING their share for Newark.

At the dinner Tuesday night a big time will be enjoyed and the answers to all cards then received will be read and every taxpayer be given public credit for his prompt reply. It is planned to have a BIG BOOSTER BANQUET at the end of this campaign to which all who have contributed may come, and in fact every citizen who is a "WHO" in Newark will be there. This will be "some affair" if it is held and will be the talk of the State and so let's get busy and make everything go with a vim. The State will watch what Newark is doing. This is the first effort of this kind in Ohio and Newark must rise to the occasion. It means that every taxpayer has a DUTY to do and that every name is necessary in order to swell the total.

If any taxpayer is in doubt, or wishes any information about the matter he or she can call up the Board of Trade on either 'phone and the information will be gladly given. Remember the honor and send in your card so your name will have a chance to Head the Roll of Honor.

FIFTH VICTIM OF HOTEL FIRE IS IDENTIFIED

James Spellman, 61 years old, a laborer, was the fifth victim of the fire at the Kern hotel last Tuesday morning. The body was identified at the Bazler & Bradley morgue by several persons, including relatives of the dead man.

Positive identification was established by a new wound on the third finger of Spellman's right hand which he suffered a few days before the fire when the member was mangled in the door of a street car. The accident occurred near Taylor's crossing west of Newark, when the car door closed suddenly, catching Spellman's finger.

A telephone message to the morgue Thursday afternoon informed the undertakers that the description published in the Advocate fitted Spellman. It was added that the doubt could be settled by an examination of the hand and it was found that the end of the finger had been recently amputated, there would be no doubt about the identity. The examination revealed this fact. Relatives visited the morgue Friday morning and completed the identification.

Among the others who corroborated the identification were Attorney J. F. Lingafelter and Dr. J. T. Harbottle. The latter dressed the man's injury and immediately recognized Spellman. Mr. Lingafelter, who was retained by Spellman to file a claim for injury with the Ohio Electric, had examined the wound before accepting the case and he was also positive in his identification.

John A. Spellman, a nephew living at Black Run, visited the morgue Friday morning and recognized the body as that of his uncle. Spellman was born in this county Feb. 2, 1852, and has lived in Newark for several years.

Arrangements for the funeral have not been made.

ASHBROOK
PREDICTS GREAT GOOD FROM CURRENCY LAW
And Sees A General Revival In Business.

(Mt. Vernon Banner.)
Congressman William A. Ashbrook is in the city today calling on friends and incidentally taking a look at the prospects for a re-nomination. The genial congressman has been a very busy man at Washington since his last visit here. His ranking position in the house makes him an important factor in putting through administration and other important legislation, so that he was kept busily engaged in helping to get the currency bill through before the recess for the holidays. Congressman Ashbrook predicts that the currency bill will be the means of establishing sound and dependable business conditions in the country, and that with its operation a stringency of money and consequently "hard times", are things of the past. He is very sanguine over the prospects for a great revival of business.

DYNAMITE BLAST DENOTES OPENING OF BIG AQUEDUCT

(Associated Press Telegram)
New York, Jan. 9.—The new Catskill aqueduct through which within a year New York City's water supply of 500,000,000 gallons a day will flow, will be opened tomorrow. A blast of dynamite will be fired 400 feet under ground at 149th street and St. Nicholas avenue and will signal the completion of the tunnel of one of the most stupendous undertakings of the sort in the history of the world's municipalities. The aqueduct has cost the city \$162,000,000 in money and the labor of more than 72,000 men and the injury or death of nearly 4,000. Foreign engineers rank the aqueduct with the Panama Canal as one of the greatest engineering feats of the world.

LOWERING WATER OF GATUN LAKE, OUSTING ISLANDS

(Associated Press Telegram)
Washington, Jan. 9.—Some idea of the size of Gatun Lake, the great artificial body of water created by the engineers to supply the Panama Canal with water, may be gathered from the fact that it required a week's time to lower the water level seven-tenths of one foot through one of the large gates at the Gatun spillway. Since the locks were closed and the dam completed the water has been steadily accumulating until on December 27, it had reached a height of 84.7 feet. Because a small dike remained to be constructed on a low place it became necessary to reduce the level to 84 feet while the work was in progress. The drawing off of this seven-tenths of a foot of water involved a loss of 3.2 billion cubic feet of the 181.9 billion feet behind the dam.

Taking advantage of the open gateway a steam launch is rounding up the numerous floating islands within the Lake area and shoving them into the current in order that they may be carried out to sea.

Last year was the first of record in which during the dry season the water of the lake evaporated more rapidly than the rate of run off; in ordinary seasons the supply exceeds the evaporation.

Even in a season of minimum rainfall the lake, with an elevation of 87 feet at the end of the rainy season, will supply water for the canal for 48 lockages a day without reducing the minimum depth in the canal channel below 32½ feet.

WHAT IS IT?

HE'S WORTH A LOT OF MONEY

Something to be desired
Answer to Thursday's puzzle—Texas.

Uncle Walt
Unlucky Friday.
On Friday a malignant fate is said to threaten us with woe; to do us all it lies in wait, or shadows us where'er we go. On Friday, if a ship should sail, the seamen shake their heads and sigh; 'twill be the sport of every gale, and all on board will surely die. Yet many stately ships come back all sound from Keelson to the truck; they sailed along their stormy track without a sign of evil luck. If you begin an enterprise on Friday, it will peter out; thus speak the prophets hour and wise, who think they know what they're about. Yet many enterprises win which on a Friday were begun, and those concerned take in the tin, the kale and other brands of men. To me a Friday seems as sleek as any other kind of day; the same old fish are in the creek, the sun shines on, the same old way. On Monday last I fell and split my person clear up to my neck, on Tuesday morn I had a fit, on Thursday I was but a wreck. But Friday finds me all serene, my griefs and woes have taken wing; I sip a pint of gasoline and then I smile and dance and sing.

RAILWAY STRIKE IN SOUTH AFRICA TIES UP SERVICE TROUBLE.

(Associated Press Telegram)
Capetown, Union of South Africa, Jan. 9.—Railroad service in the Transvaal and the Orange Free State provinces was badly disorganized today by the strike of railway employees. Traffic was suspended this morning as far south as Klerksdorp about 120 miles from Johannesburg. Police were on guard at all the stations and detachments of troops have been ordered to the affected area as a preliminary measure.

It is feared by the authorities that the men may be aroused to acts of violence by the revolutionary speeches of their leaders.

TEN YEARS OF PAIN RELIEF IN TWO DAYS

RHEUMA Worked Wonderfully Fast in This Obstinate Case of Rheumatism.

Ten years of hard study, conscientious experimenting in sanitarium and private practice, with the most obstinate cases of different forms of Rheumatism—Sciatic, Inflammatory, Muscular, Arthritic, Venereal—resulted in the discovery of RHEUMA. It has since been used successfully by thousands of sufferers. RHEUMA acts quickly and brings permanent relief.

"Columbia, S. C., May 7, 1913.—I have been a great sufferer from Rheumatism for about ten years having it in my knees, ankles and joints. Was on crutches about one-third of the time. The first of last December I commenced to take RHEUMA. In two days I laid down my crutches and have since given them away. I now believe that I am a well man; six months ago I never expected to be well again. I have taken some ENGLISH MARSH in connection with RHEUMA. I have never spent but \$2 for RHEUMA. Yours, unsolicited, J. R. Crocker, 614 Sumter street, San Palmetto, Florida."

PREPARING FOR NEXT ELECTIONS
Parties Start Battle in All Doubtful States.
POSSIBLE SENATE CHANGES.

Terms of Thirty-two Members of Upper House Expire—Progressives to Be Big Factor in Determining Many Elections—House Likely to Remain Democratic—Daniels' Ambition.

By ARTHUR W. DUNN.

Washington, Jan. 9.—[Special.]—Control of the next congress is the aim of the two great political parties, and it may be said that the Progressives claim to be one of the two great parties by reason of the vote cast for Roosevelt in 1912. However, it is generally recognized that the struggle will be between the Democrats and the Republicans, with the Progressives an important factor in the fight.

Control of the senate is what the Republicans desire, and it will be hard to obtain. The house will go according to a landslide, but landslides do not affect the southern states. Those states will send about the same number of Democrats to both house and senate. It is in the northern states where the political battle will be fought.

Possible Senate Changes.

The terms of thirty-two senators expire on the 4th of March, 1915, and their successors will be chosen during the present year. Of these seventeen are Republicans and fifteen Democrats. To the Democratic seats it is possible to elect Republicans in place of Chamberlain of Oregon, Newlands of Nevada, Shively of Indiana, Smith of Maryland, Smith of Arizona and Thomas of Colorado. It is altogether likely that Bradley of Kentucky, a Republican, will be succeeded by a Democrat, and it is possible to elect Democrats in place of Gallinger of New Hampshire, Jones of Washington, Sherman of Illinois, Perkins of California and Root of New York.

What of Progressives?

Of course it depends upon whether the pendulum is swinging toward the Republican party to some extent, but more depends upon what the Progressives decide to do. If the Progressive party determines to run a Progressive candidate in every state where there is a senatorial election there may be added to the list where Democrats may succeed Republicans Brady of Idaho, Bristow of Kansas, Crawford of South Dakota, Cummins of Iowa, Gronna of North Dakota, Penrose of Pennsylvania and Stephenson of Wisconsin. With the Republicans and Progressives dividing the Republican vote in any of the states heretofore surely Republican the prospect of success for the Democrats is bright.

Will Affect the House.

As the senators are elected by the people, the same facts apply to both branches of congress, although the election by districts for the lower house makes a little difference. If the Progressives have candidates in the field for the house and the senate the probabilities are that the Democrats will control both branches of congress as a result of the election in 1914. Of course the Republicans have been predicting a Republican landslide and asserting that hard times will return the Republicans to power. And that is altogether possible, but the times will have to be hard enough to make the Progressives return to their old allegiance.

Canadian Wheat.

Those farmers who feared that Canadian wheat would come across the border and overwhelm them were needlessly alarmed, according to an authority from Canada. He says that Canadian wheat is going to the orient. When it was denied a market in this country the surplus found buyers in Japan and China. Jim Hill once said those people would consume much of the wheat produced in America.

At Uncle Sam's Expense.

Senator Catron of New Mexico met a man on a train near Denver whom he knew to be a resident of Mexico. The senator asked the man about the conditions and was informed that in the part whence he came there were no disturbances and few people were aware that there was any trouble about control of the government. "I have taken advantage of the general invitation of the United States government to come here and visit friends. The government pays my fare, as it does the fare of others who are coming out of Mexico."

The senator said the man was well able to pay his own way, but was one of quite a number who were willing to ride at Uncle Sam's expense.

Daniels' Ambition.
"I want to do something to improve the navy," remarked Secretary Daniels, explaining his recommendation for four vice admirals, which will mean real fleet commanders. "I want to leave a record of some good performed while I have been in office."

Coming from a Democratic secretary and going to a Democratic congress, it is quite likely that his recommendation will have effect. While congress may not authorize four vice admirals it may be expected that at least two advances will be ordered for the commanders of the two fleets on the Atlantic and Pacific.

LITTLE DISCUSSIONS OF LOVE AND MARRIAGE

BY BARBARA BOYD

Mistaken Marriages.

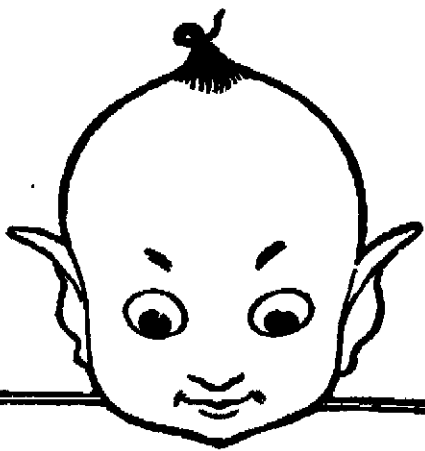

"Sometimes I am almost inclined not to get married," observed the Bachelor.
The Bachelor Girl refused to look alarmed.
"When I see the frightful mess some people have got into by saying, 'I will,' before a minister, I feel almost like hieing to a nunnery, as the poet puts it."
"You would create an awful commotion," laughed the Bachelor Girl.
"That's so. I mean a monkey, or whatever it is called where the single enjoy solitude."
"What brought on these sad and bitter reflections," scoffed the Bachelor Girl.
"No, have you been spending the day at the divorce court?"
The Bachelor Girl pricked up her ears.
"She was telling me about the home where she has been staying," went on the Bachelor. "One of the children was sick; scarcely anything was the matter with the youngster, but the mother would not take care of it, and so a nurse had to be secured. She says the wife does nothing but whine and complain; and works overtime at it when her husband is home. They kept two maids because the wife will not do one thing about the house herself. Positively she wouldn't so much as shut a bureau drawer after she had opened it, or hang a dress in the closet. My friend says she trotted around after her all the time, closing drawers, hanging up things, and trying to keep the house neat. When the husband comes home at night, he always has to undress and bathe the children and put them to bed. He is spending all kinds of money to run the house because he wants a home."
"I shouldn't say he was getting it," interrupted the Bachelor Girl.
"No, he isn't. But he is making a bluff at it."
"I should think he would raise the roof," said the Bachelor Girl indignantly.
"No, he's quite resigned. He never complains or scolds or loses his temper. When he gets home at night, he just salls in and does whatever needs doing. But think of drawing that blank in marriage. He waited till he was forty, too, so you would think he would have shown some judgment in the matter. And then to get stuck that way!"
"I dare say he married her for her looks, or her figure, or her hair, or because she liked lobster suppers, or something of that sort. But the things that seem all right to a man before marriage often don't exert the same fascination after the knot is tied. They don't always stand the wear and tear of married life. A man ought to look ahead and see if what has attracted him in a woman is the sort of thing for a long matrimonial journey. I think this man must have been short-sighted or else a poor judge of human nature."
"Not necessarily. This woman may have made up her mind to hoodwink him. And when a woman starts out to do that, a man might as well throw up his hands," concluded the Bachelor pessimistically.

Mr. and Mrs. Patrick left during the evening for Newark, later leaving here for Cincinnati. Mr. and Mrs. Patrick will be at home after February 1 at 702 East York street, Olney, Illinois.

Those enjoying the ride were: Misses Clara Blaney, Ruth Dittler, Esther Boyer, Margaret Farmer, Lillian Braun, Mary Wells, Nellie Pugh, Josephine Chesley, Edith Mason, Elizabeth Keyes, and Ethel Hall, Messrs. Dear Friend:-

Now that the Christmas bills are all in and the merchants are clamoring for their money you will be glad to find some way of cutting down living expenses without cutting down on the quality of what you eat.

I'm the very chap you are looking for and I will be around at the corner grocery the early part of next week waiting for somebody from your household to call for me and bring me out to dinner.

I can show you a line of magic tricks that have Anna Eva Fay backed off the boards. For instance I can make a cheap round steak taste better than the finest cut of the sirloin. That's easy. I've dozens of other stunts that will cheer your heart because they will first commend themselves to your stomach, without putting a crimp in your pocketbook.

Tell the madam to be sure to ask the grocer for me.

Wedded Eyebrows.

In Turkey meeting eyebrows are greatly admired, and the women use artificial means to bring the brows to this condition, and if art cannot induce thin eyebrows to grow they make up by drawing a black line with paste.
It would appear that the Greeks admired brows which almost met, and the fashionable inhabitants of Rome not only approved of them, but resorted to pigments to make up the lack which sometimes existed.

Some proverb state that the person whose eyebrows meet will always have good luck, while others state exactly the reverse. The Chinese say that "people whose eyebrows meet can never hope to attain to the dignity of a minister of state," and in Greece of today the man whose brows meet is said to be a vampire, while in Denmark and Germany it is said he is a werewolf.—London Spectator.

Don't Scratch a Mole.

Dr. Jean Dartier, speaking before the French Association For the Study of Cancer, referred to the tragic possibilities of the innocent looking mole.
"Scratch a mole," he said, "and you may catch a cancer."

Some moles were harmless and some were potentially poisonous, he continued. The only wise course was to leave well enough alone and resist the temptation to scratch the mole. Warts and wens should be borne patiently lest worse befall their possessors. Dr. Dartier told of a man who by cauterizing a harmless wart on his hand transformed it into a cancer.

Met Its Match.

A cyclone visited the negro quarters in an Alabama mining camp several years ago. It tumbled down the cabins and not one joist or sill was left standing. Uncle Joe was the only one who came through the visitation unscathed.

"Yas, sub," he said, "I ben'd dat win' comin' through de bresh, an' I seen it, an' I felt it, an' I knew it was er skykoue—an' I's de onliest pesson in dat settlement what could say, 'Heab she comes,' an' 'Dar she goes!'"
—New York Post.

National Conversations.

If you see three men standing together on the sidewalk in any given country, you can guess the subject of their conversation. In Germany it is the army; in Russia, the bureaucracy; in France, women; in the United States, business; in England, sport; and in Turkey nothing at all.—Brussels Journal.

His Manifold Aspect.

Small Boy—Mamma, is it really true that the devil has horns and a club foot? The Mother—Ah, my dear, sometimes the devil appears in the shape of a very handsome and charming young man! Small Boy (bitingly)—Oh, mamma, you're thinking of Cupid!—London Punch

Americans Have Higher Ideals Than Mere Money Making

By EMILE BOUTROUY of France, Exchange Professor of Mathematics at Princeton University

A VERY important and BRILLIANT INTELLECTUAL CLASS EXISTS in the United States which aspires to take up the moral direction of the country.

THE INTERCHANGE OF FRENCH AND AMERICAN LECTURERS HAS ENABLED US TO KNOW THE IDEALISTIC SIDE OF THE AMERICAN SOUL. IT HAS TAUGHT US NOT TO REGARD THE AMERICAN SOLELY AS A MERCHANT OR MANUFACTURER OR A CHICAGO STOCKYARD TRADER.

The existence of a literary and scientific and even a poetic and philosophical movement in the United States cannot be disputed. American literature already occupies a very great place in the world of letters.

The American poets particularly are REMARKABLE. Professors of the highest rank teach philosophy at your universities, and altogether a great effort is being made toward the HIGHEST AND MOST DISINTERESTED CULTURE. For this reason I wish for the closest relationship between the United States and France, which is considered the representative of such culture.

BRINGING HOME TO THE PEOPLE OF NEWARK EVERY POSSIBLE SAVING BENEFIT OF THE NEW TARIFF

Tariff Reduction Sale

"What the new Tariff Law means to me and mine in lowering the cost of living"—as now, and rightly should be, the one upmost thought in millions of thinking minds throughout the country.

Do you realize fully that when President Wilson's pen scratched its way to a final signature of the Underwood Tariff, more than a billion dollars' worth of foreign merchandise was placed on the free list, to enter this country unrestrained.

This January the First, 1914, many schedules of the new tariff go into effect, but Secretary of Commerce William C. Redfield warns the country that even the new tariff, when fully enforced, will not materially lessen prices.

Unless—and mark you well this truth—unless large and aggressive retail institutions, such as this one, place their best foot forward in each locality to bring home to their people every possible saving benefit of the new historic law.

Thus, through a thorough realization of the above-stated conditions, and prompted by the true spirit of our hustling city—the spirit of helpful co-operation—to prove that you and yours will "DO BETTER IN NEWARK"—came the serious promptings of this great Tariff Reducing Sale that we are now offering you.

We are giving you absolutely free with every \$15 Suit or Overcoat purchased of us a genuine Rubberized Rain Coat (guaranteed). Every man and boy in Newark should have one of these coats, as they keep out the wind as well as the water.

IS YOUR CHILD'S TONGUE COATED?

Look and see, Mother! When cross, feverish, constipated, give "California Syrup of Figs."

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once. When peevish, cross, listless, pale, doesn't sleep, doesn't eat, or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore, teasy mouth of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without a pain, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative;" they love its delicious taste, and it always makes them feel splendid. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by the "California Fig Syrup Company." Refuse any other kind with contempt.

GOVERNMENT TO EXTERMINATE PRAIRIE DOGS

Washington, Jan. 9.—We assume we eat dogs in bologna, but we do not definitely know," declares Dr. A. K. Fisher of the biological survey of the department of agriculture in a statement submitted to the house committee on agriculture on the government's campaign of destruction of prairie dogs and other pests that annually destroy many thousands of dollars worth of crops.

"It would be alright if some enterprising person would start a canyery for prairie dogs, but under the pure food law he would not be allowed to change the name, and I fear very few Americans would care to eat dogs."

\$200,000 FOR THE SURVIVORS OF LAKE VICTIMS

Buffalo, N. Y., Jan. 9.—At a meeting to be held here late yesterday \$200,000 was distributed among the surviving relatives of the 200 Great Lakes seamen who lost their lives on November 9, when the great lakes experienced the most severe gale in their history. Eight men, four Americans and four Canadians decided how to distribute the funds.

SMALL COIN TO BE CIRCULATED BY GOVERNMENT

Mexico City, Jan. 9.—The Mexican government has announced its intention to coin and distribute half pesos, equivalent to 25 cents in United States money, to the number of 200,000 weekly, a measure which it calculates will relieve the difficulties resulting from the scarcity of small coinage.

The mines in Mexico now sell their silver output through a government commission at a rate fixed by the government. A portion of this is to be turned into coinage which will revert partly to the miners in the form of payment in coins.

NOTED HORSETHIEF DYING IN HOSPITAL OHIO PENITENTIARY

Associated Press Telegram
Columbus, Jan. 9.—Benjamin F. Landis, aged 60, of Toledo, is confined in the hospital of the state penitentiary, seriously ill from tuberculosis. Physicians say Landis may never leave the hospital. He was received at the prison July 15, 1905, to serve a life sentence for murder in the first degree.

Landis was convicted of complicity in the killing of Kate Sullivan, near Toledo, April 14, 1900. Two brothers, Albert and Benjamin Wade, who were also convicted of murder in connection with the Sullivan crime, died in the electric chair on the morning of July 14, 1904.

When Landis arrived at the prison to begin his life term, it marked the fourth time that his name had been entered on the books. His three previous terms were for burglary and horse stealing.

Landis was responsible for the conviction of five men for the murder of "Celey King" Johnston at Carey, O., in 1900. There has always been grave doubt as to their guilt. A deathbed confession from the noted horsethief would assist greatly in clearing up the case.

NOTHING SLOW ABOUT JEANNETTE

Associated Press Telegram
Findlay, O., Jan. 9.—"You bet," said Miss Jeannette Bodkin, 19 yesterday afternoon, when George A. Vogel of Chicago, called her up over the telephone here and asked "Will you marry me?" In 24 minutes she was back at her work in a local cigar factory but she was then Mrs. Vogel. The bridegroom had been coming here to see the girl for some time and proposed to her by telephone on a bet that he would not dare do it.

RUN-DOWN FOR YEARS

Strength Restored by Vinol.

Strength and even life itself depends upon nourishment and proper assimilation of food, and unless digestion is good the whole body suffers.

Mrs. C. W. Busby of Mountville, W. Va., says: "For years I was in a weakened, run-down condition, and I could not find anything that would help me. Vinol was recommended and I tried it. Before I finished the first bottle I was better. I continued its use and am as well as ever. I have gotten several neighbors to take Vinol with the same result."

We know the great power of Vinol, our delicious cod liver and iron tonic without oil, in building up all weakened, run-down persons, and for chronic coughs, colds and pulmonary trouble, and that is why we guarantee to return your money if it does not help you. Frank D. Hall, Druggist, Newark, O.

P. S. Our Sazo Salve is truly wonderful for Eczema. We guarantee it.

Every Home Needs This Great Remedy

No Home Can Afford to Be Without a Mild, Reliable Laxative-Tonic.

No well-regulated home should be without a laxative, for there is scarcely a day in a family of several persons that someone does not complain of a headache, of sleeplessness, or show the first signs of cold.

A laxative then becomes a necessity or what was a trifling congestion at the beginning may run into a serious cold or fever. No harsh remedy is needed, but simply a mild laxative-remedy that will make the liver active and stir up the bowels. People who have tried a great many things, and are themselves heads of families, who have seen the little pills run to big ones, will tell you that there is nothing better than Dr. Caldwell's Syrup Pepsin, which you can obtain at any drug store for fifty cents or one dollar a bottle, the latter being the family size.

Among the great believers in Syrup Pepsin for constipation in old or young, and as a general household emergency remedy, is Mrs. M. F. Smith, 710 N. Cherry St., San Antonio, Tex. To use her own words, she says she will bless Dr. Caldwell to her dying day for she believes that through his remedy, Syrup Pepsin, she found the way to permanent good health.

Dr. Caldwell's Syrup Pepsin is scientifically compounded and its purity is vouched for. Mothers give it to tiny

MRS. M. F. SMITH.

babies, and grown people, taking a little larger amount, find it equally effective. It is mild and gentle, pleasant-tasting and free from griping.

It does not hide behind a high sounding name and is absolutely free from any prohibited ingredient. Families who once use Syrup Pepsin forever after avoid cathartics, salts, pills, and other harsh medicines, for these only do temporary good, are nauseous and a shock to any delicate system. Such things should never be given to children.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

Henrietta Crossman in "The Tongues of Men."

The greatest of all comedians, Henrietta Crossman, and her excellent company will be seen at Auditorium tonight in her greatest success, "The Tongues of Men" which comes to Newark direct from New York.

In Manhattan the critics were kind enough to heap their praises upon both Miss Crossman and her play and in many instances "The Tongues of Men" was called the best comedy that had been seen in New York in years. Certainly "The Tongues of Men" is the best play that Miss Crossman has appeared in since she was seen in Mistress Nell some ten years ago.

"The Tongues of Men" is best described as a comedy with grand opera atmosphere and is founded on St. Paul's famous saying: "Though I speak with the tongues of men and of angels and have not charity, I am become as sounding brass or a tinkling cymbal." It is really the Church and the Stage. Possibly there are some ministers in Newark who resemble the Rev. Penfield Sturges in this play certainly there are many grand opera prima donnas who resemble Jane Bartlett, which is the character Miss Crossman plays.

"Peck's Bad Boy," which is to be offered at the Auditorium, Saturday Matinee and night is the old favorite comedy liked so well when the grown-ups of today liked so

HAVE LIFTED QUARANTINE AT HEBRON

Services Will Be Held Sunday in Churches and Schools Will Resume Monday.

Hebron, Jan. 9.—There has been no new cases of scarlet fever the past two weeks and the quarantine has been lifted from the homes of Mr. James Holtzberry and Mr. Mitchell. The victims are improving nicely. The churches will have services next Sunday and on Monday, January 12, the schools will open and resume their daily routine of work.

Rev. T. B. Shearer and wife attended services at Church of Christ at Newark Sunday and were dinner guests of Mr. and Mrs. Hoover.

At a meeting of the stockholders of Hebron Bank Monday evening the annual election of directors resulted in electing the following: Joseph Comisford, Jacob Kuhns, Elmer Neel, Scott Peters and H. D. Burch. On Saturday the board will meet to elect the officers.

Mr. and Mrs. F. E. Kirk and son Ray left here Tuesday to locate in the Capital City, 1143 South High Street.

A watch meeting at the M. E. church New Year's eve, followed by a banquet given by the Men's Bible class, assisted by the Ladies Aid, was a delightful affair, and quite a number remained to see the dawning of the New Year. Rev. Mr. Gilliam of Chatham gave a very interesting address, also Rev. J. F. Kanuth, and with song and praise the New Year was ushered in.

Mr. and Mrs. Wm. Lawyer spent New Year's Day with J. B. Hershberger and family of Newark.

Mrs. S. H. Rosebrough entertained the Priscilla club Wednesday, fifteen members being present. A delightful afternoon was spent with needlework, and after the business session, the hostess, assisted by her daughter, Miss Mary, served a delicious two course luncheon. The meeting then adjourned to meet January 13 with Mrs. Ella Eeberger. Each guest on leaving was presented with a baby stocking filled with Christmas goodies as a souvenir of the New Year.

The stork left a fine baby boy at the home of Mr. and Mrs. Gleason Enteline, Monday. Mr. Enteline says that he (not the son) has grown a foot higher since baby's birth.

Owing to our village being under quarantine the Priscilla banquet has been postponed indefinitely.

Dr. O. M. Kramer and family of Columbus visited friends here last week and the Doctor attended the watch meeting and banquet New Year's eve at the M. E. church.

NEW TREATMENT FOR CROUP AND COLDS

Relieves by Inhalation and Absorption. No Stomach Dosing.

Plenty of fresh air in the bedroom and a good application of Vick's "Vap-O-Rub" Croup and Pneumonia Salve over the throat and chest will relieve all cold troubles quicker than internal medicines. Just apply Vick's and cover with a warm flannel cloth. Leave the covering loose around the neck so that the vapors of Eucalyptol, Thymol, Camphor, and Menthol, released by the body warmth may be inhaled all night long. Next morning the head is clear and phlegm loosened. In addition, Vick's is absorbed through the skin, taking out the tightness and soreness. Entirely external—the ideal treatment for the little folks. Three sizes, 25c, 50c, and \$1.00.

ARE SEEKING SCHOLARS FOR SUNDAY SCHOOL

The members of the Tenth Street United Brethren church are conducting a house to house canvass, in a systematic search for persons and children not members of any church or Sunday school, and are meeting with much success. The territory being covered is bounded on the north by Granville street, on the east by Sixth, on the west by West Main, and on the north by North Williams street.

The present week is also being kept as a week of prayer, and meetings are being held at the homes of members, and will be followed by an old fashioned "big meeting," beginning on next Sunday evening, and continuing several weeks, under the leadership of Rev. S. R. Shaw, pastor. The Tenth street church is but 18 months old, but making rapid progress and expects to double its membership this winter.

The East Main Street United Brethren church, under the leadership of Rev. A. B. Cox, has just closed the greatest revival in the history of the Newark church, 180 being added to the membership. Rev. Mr. Cox and many members of the East Main street congregation will assist the young Tenth street congregation in the coming special services.

Sure Indications of Lung Trouble

Among the indications of threatened Lung Trouble are a continued cough, fever and night sweats. A change of climate often helps, but it seems that something more is needed to stop the cough and sweat and arrest the progress of disease. E. K. Smith's Alternative, after many years of use, is known to be most beneficial in bringing about relief, in many cases complete recovery. Indicate this case—

Schell City, Mo.
"Gentlemen: I had a terrible cough, night sweats and phlegm in my lungs. A man who heard me coughing advised me to take your Alternative. I paid no attention to him then. I got so bad the doctor said I should go to Wyoming. I did, and when I got there I steadily grew worse. Then I remembered what had been told me about your medicine. I began taking it with no faith whatever, but before I had taken three bottles, I could eat anything. Fever and night sweats stopped and for over a year I have been well and in better health than I ever was."

"Have you 'Deeds of Daring'?" inquired the lady in the book store.

JACKSON DAY

(Continued from Page One.)
at every opportunity register his will with his vote.

"We have no right in a Republican-Democracy like ours, with an ever-growing tendency towards a Democracy, to hand this government over to our children a less efficient government than we received from our fathers.

"George W. Horton was a politician, and a good one. As a manager he was keen and alert. In meeting unexpected situations that came up in the stress and strain of a close fight, and turning them from disaster to beneficial results, he was strong. In putting into action confidential reports that he wanted to reach certain ears—he was a genius. I have never come in contact with his equal along these lines.

"George W. Horton had courage, and I want to say, that there is no position that calls for a higher degree of courage than that of a successful party manager.

"No party ever did, no party ever will, receive any permanent benefit from having either a dishonest or incompetent member in a public office. Some good Democrats can not, it seems, ever grasp the eternal fitness of things. They come and ask the organization to endorse them for positions, to fill which, they are utterly unfitted. To say no to a good Democrat worker, to whom you are under obligations, for work done and orders carried out, takes courage.

"I have sat in such meetings and seen George W. Horton vote against a friend and for an enemy, because he believed his enemy would fill the

position the better and thereby bring credit, honor and strength to his party. He was broad enough and large enough to grasp in its fullness the fact that the party's interest should always be held to be paramount, that men come and go, but the Democratic party goes on and on, and will go on and on so long as men hope to better their condition.

"The Democratic party was kind to Mr. Horton, but in return he filled his position in a manner that brought strength, honor and good will to his party. He will be missed when we again gather around the council table of the party. He will live long in the hearts of the Licking County Democracy, and I am proud tonight that I was classed as his friend."

Hon. W. D. Fulton, Licking county's representative in the state legislature, responded to the call of the toastmaster with several witty exchanges of compliment and the coming congressional nomination, and launched into an inspiring eulogy of Jackson, reciting the prominent characteristics of the famous president and military leader. He, too, referred to the success of the Democratic party of today as being due to a perpetuation of the principles promulgated by Jackson, concluding with the assertion that, standing out prominently as the great secret of Jackson's fame, was the fact that none ever attributed any dishonesty of deed or purpose to him.

Hon. Edward Kibler devoted a short time to striking a comparison between President Wilson and the patron saint of Democracy, lauding the Wilson administration for its diplomacy and zeal in behalf of the people.

Ex-Prosecutor J. R. Fitzgibbon referred to the progressive legislation,

national and state, that has been enacted under the regime of leaders of the Jackson type, and spoke with particularly complimentary reference to the attitude of the national administration on the vexing Mexican problem, and the currency reform.

Attorney Roderic Jones, speaking of Jackson, declared him the enemy of graft. He said the principle of continual, persistent and successful opposition to graft in the form of "loaded legislation" in favor of the few and against the many, is an inheritance from Jackson and his type, on which the entire administration of President Wilson has been based.

Postmaster Newton noted a comparison between the last preceding Jackson Day banquet held here, twenty-one years ago, and the conditions existing today, declaring his prediction relative to the second term of Grover Cleveland at that time fell short when the administration failed to live up to the hopes of the party which put him in power, and asserting that a similar prediction would be based on greater faith now with such a man as President Wilson at the head of the nation, whose grand administration of the affairs of our country had marked him such a champion of the people's cause.

Regrets were read by Chairman Larason from C. L. V. Holtz, who was unable to be present, but who extended his hearty sympathy and good wishes to the assembled Democrats.

Other speakers, who responded to the call of Chairman Larason with words of encouragement over the position of Democracy as an institution and the party as an established organization bound to be perpetuated on the principles expounded by Jackson, were Henry Keller, Hon. William E. Miller, and Judge Robbins Hunter, the latter urging Democrats of the county to meet more frequently in social gatherings rather than to confine their associations strictly to the transaction of party business.

The menu, prepared and served under the direction of Joseph Kuster, proprietor of the Kuster Hotel, consisted of the following delicacies:

- Roast Young Turkey
- Sweet Herb Dressing
- Cranberry Sauce
- Creamed Tomatoes
- Sweet Peas en Timbales
- Escalloped Oysters
- Old Hickory Salad
- Parker House Rolls
- Pickles
- Olives
- Ice Cream
- Snow Flake Cake
- Coffee
- Cigars

The banquet committee, to whom much credit is due for success of the affair, was composed of O. C. Larason, chairman, R. B. Priest, secretary, and P. E. Burge, treasurer.

Officers of the club are: Acting president, O. C. Larason; secretary, Roderic Jones; treasurer, F. T. Mercer; sergeant-at-arms, L. M. Stockberger.

OLD-TIME COLD CURE-DRINK TEA!

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure croup, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.

INJUNCTION IS ALLOWED FOR THE TELEPHONE CO.

Judge T. B. Fulton, in Common Pleas court Friday, granted a temporary injunction against Lydia Sellers of Homer, restraining her from interfering with the use of a well and cistern and outbuildings on her property by employees of the tenant company, the Lida and Homer Telephone Company. The petition was filed by Attorney Kibler & Kibler on affidavit of R. M. Critchfield, general manager. The petition sets forth that the plaintiff company has been operating in its present territory since 1907 and now has 650 telephones in use. In 1904 a property was leased from E. W. Scott as an exchange headquarters in Homer for a period of ten years. Recently the property was sold to Lydia Sellers, who now, it is alleged, refuses to allow the company's employees to use the well and cistern and outbuildings.

INDIGESTION GAS DYSPEPSIA GONE

"Pape's Diapepsin" gives sour, bloated stomachs and you feel fine in five minutes—Time it!

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

A woman, of Granville, who wishes her name withheld at present, has made known her intention of providing a permanent home for the library. She will build within the next year a building, which will be bequeathed to the library and also such property as to ensure its existence, as a lasting memorial to her family.

The Granville Historical Association is also to share in this beneficence. A room will be provided for the care and display of the historical collection in the possession of this society.

ED. LARASON IS NEW SECRETARY CO. "AG." BOARD

Edwin M. Larason, elected secretary of the Licking County Agricultural board at its recent meeting, announced Friday that he would take up the duties of his office next week, after going over the books of the society with the retiring secretary, J. M. Farmer, who has held the office with great success for several years.

Mr. Larason has several campaign plans under consideration by means of which he hopes to continue the success of the annual Licking County Fair and make it bigger and better each year.

If some people should restrict themselves to telling everything they knew, they wouldn't talk much.

DANDRUFF SOON RUINS THE HAIR

Makes It Lifeless, Dull, Dry, Brittle and Thin.

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and dizziness of the scalp will stop, and your hair will be silky, fluffy, lustrous, soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.
